RE: **Depot Closure – Elk Point Universal Bottle Depot**

Effective immediately, **Elk Point Universal Bottle Depot** has ceased operations as the Depot no longer holds a valid permit to operate.

The Beverage Container Management Board (BCMB) is committed to ensuring reliable consistent, and accessible beverage container recycling service for all Albertans. To address this, the BCMB will be seeking approval to initiate a Request for Applications (RFA) process to site a new bottle depot in the Elk Point area.

If you have any questions or concerns, you may contact the BCMB at (780) 424-3193 or email at info@bcmb.ab.ca.
